SB - HB	Description	Impact	Expenditures	Expenditures	Revenues	Revenues	Expenditures	Expenditures	Revenues	Kevenues	The number of positions available to analyze DNA samples
5 (Cntd)				<u> </u>							determines the time required to analyze these samples.
											According to TBI, an additional five positions will be required
	•	<u> </u>		<u> </u>							under this bill to handle the additional workload within a
								!			reasonable time frame. The cost of these positions is \$511,650
-							·····				recurring and \$282,800 one-time in FY07-08. In FY08-09
				<u> </u>							the cost of these positions will be \$1,023,300 recurring. If these
											new positions are not added, the legislation can still be
	,						····				implemented but the time required for analysis of samples will
		<u> </u>									be longer. By increasing the number of individuals from whom
				ļ							DNA evidence is collected, this bill may have the result of
											increasing convictions and the indirect impact of increasing state.
				ļ							incarceration costs. This impact cannot reasonably be
											quantified because no reliable forecast of additional convictions
				ļ							can be made.
